

Sedigel™ Scalp Moisturising Gel

Sedigel™ is a clear and colourless gel that has been specifically formulated for convenient and easy application to the scalp.

Clinically tested and Dermatologist approved, Sedigel™ has proven to be safe, mild and kind to skin. Free from lanolin, steroids and SLS, Sedigel™ contains glycerin which is known to hydrate and moisturise scalp skin to help alleviate dryness which is a common cause of associated itch.

1

Before you use Sedigel™

- Do not use in cases of known sensitivity to any of the ingredients.
- Avoid contact with eyes; in case of contact, rinse with copious volumes of water.
- Wash and dry your hands before applying.

2

How to use Sedigel™

- For external use on skin only.
- Push open the bottle cap and then by squeezing the bottle, measure out a fingertip amount of gel (as shown in picture 1).
- Gently rub the gel into skin on your scalp (see picture 2).
- Repeat above for all affected regions of the scalp.
- Apply morning or night or when needed.
- Shampoo your hair normally as required 3.
- Wash off immediately with water if you experience any stinging or redness of the skin.

3

Keep out of reach of children.

Store at room temperature.
